

# Residential Energy Efficiency Program

## HVAC and Weatherization Rebates

Effective August 1<sup>st</sup> 2023

Valid until program changes or funding expires (Changes may occur at any time)

### Requirements for all measures

#### Single Family

Single Family includes single family dwellings, townhouses (*not condos*) and buildings with four or fewer residences. More than one rebate may be available per residence. Consult a Benton PUD energy advisor for multiple rebate approval.

#### Multi-Family

Multi-Family includes buildings with more than four residences and three or fewer stories. Large projects with rebates in excess of \$10,000 must be approved by Benton PUD.

#### Customer Invoices

Customer Invoices must reflect the following:

- The total cost of each measure
- Separate line-item stating “Benton PUD rebate” for each measure, that has been credited to the customer
- The total cost to the customer
- Manufacturer and model number of equipment being installed
- Tax applied to the total job cost prior to deducting the rebate

#### Participation Agreement

Required on all jobs

- Name must be homeowners name and address needs to be the project address
- Must be signed by the homeowner

#### Home

The word “Home” as used in this document refers to the electrically heated living space within the residence. It does not include attached garages, unheated basements, porch areas or out buildings.
